

Annual International Meeting Activities

During the Annual International Meeting in Detroit, MI this July 29 - August 1, several planned activities give members and guests the opportunity to enjoy networking and have fun while supporting the Foundation at the same time. This year, your participation helps to raise money for the KEYS Fund. Be sure to add these events to your meeting registration!

Gale Holloway Memorial Golf Outing

Sunday, July 29, 8:00am tee time

\$110 includes green fees, cart rental & lunch

Enjoy a nice morning on one of Detroit's hidden gems, the Rouge Park Golf Course. The tranquil setting boasts an abundance of wildlife, making you completely forget you're in the city. The golf course was carved from rolling hills and includes the winding Rouge River. The difficulty of the course is balanced by the wide, player-friendly fairways. Participants do not have to be skilled golfers as our rules allow for and encourage contributions to improve scores.

ASABE Foundation Silent Auction and Raffle

Sunday, July 29 through Tuesday, July 31

Cobo Convention Center

The Auction encourages random meetings of wine and beer connoisseurs, old and new college alumni, arts and crafts lovers, tractor collectors, travel enthusiasts, and those a bent toward philanthropy. Begin at the Welcome Reception, bid on items or take advantage of the "buy-it-now" option. Interested in donating items for the auction? Please contact Joann McQuone for more information.

ASABE Foundation Dinner

Detroit Princess Riverboat

Tuesday, July 31, 6:30-9:30pm

boarding begins at 6:00pm

Just a short walk from the hotel

\$130 for non-students; \$100 for students

Includes Riverboat Dinner Cruise

This is THE social event for good conversation, food, drink, and entertainment—the best AIM opportunity to mingle outside of your usual circles. Come network with fellow ASABEers, and help support the Foundation! Following dinner, featured speaker Victoria Pebbles, Program Director for Great Lakes Commission, will discuss the threats and challenges facing our water resources, specifically, the Great Lakes. Many thanks to our Foundation dinner sponsor CNH Industrial.
